4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations - FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission's public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions - FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses Name of Attached Document Listing Required Information of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.

Broadband Deployment Locations - FCC 14-98 (paragraph 80)

4004a. Attach a list of geocoded locations to which broadband has been deployed as of the June 1st immediately preceding the July 1st filing deadline for the FCC Form 481.

Name of Attached Document Listing Required Information

4004b. Attach evidence demonstrating that the recipient is meeting the relevant public service obligations for the identified locations. Materials must at least detail the pricing, offered broadband speed and data usage allowances available in the relevant geographic area.

Name of Attached Document Listing Required Information

SUPPLEMENTAL DATA & RESPONSES

LYNNVILLE TELEPHONE COMPANY FIVE YEAR SERVICE IMPROVEMENT PLAN JULY 1, 2016 PROGRESS REPORTS

EXECUTIVE SUMMARY

On July 1, 2014, Lynnville Telephone Company ("Lynnville" or "the Company") submitted a five year service improvement plan as required by 47 C.F.R. §54.202(a). Lynnville operates a single exchange in rural Iowa. Consistent with 47 C.F.R. §54.313(a)(1), the Company now submits this progress report which reflects activities through 2015.

At the time the five year service improvement plan was submitted, broadband service was defined as a service with speed of 4 Mbps downstream and 1 Mbps upstream. The FCC's action to change this definition to 10 Mbps downstream and 1 Mbps upstream upon reasonable request was not reflected in the initial plan. This report provides an assessment of the Company's achievements to date in network investment to target the new, higher download speed requirement.

UNIVERSAL SERVICE SUPPORT / INVESTED

SERVICE CERTIFICATION

As set forth in 47 C.F.R. § 54.313(f)(1)(i), the Company hereby certifies that it is taking reasonable steps to provide upon reasonable request broadband service at actual speeds of at least 10 Mbps downstream/1Mbps upstream. This service offers latency suitable for real-time applications, including Voice over Internet Protocol. Usage capacity is reasonably comparable to comparable offerings in urban areas and that requests for such service are met within a reasonable amount of time.

¹ Allocation in compliance with reporting requirement addressing how federal USF was used by the Company per 47 C.F.R. § 54.313(A)(1).

SERVICE PROGRESS - EXCHANGE MAP

Funds received from the universal service support mechanisms, in combination with all other revenue streams will allow the Company to maintain and upgrade the existing broadband network. In the July 1, 2014 five-year plan, the level of 4/1 broadband availability within Lynnville was 100%. As a result of significant investment in fiber infrastructure, the Company can presently offer 10 Mbps / 1 Mbps broadband speeds to approximately 90% of its customers. The map below shows the Lynnville Telephone Company study area exchange boundaries within which 4/1 broadband is universally available. The black thatched area represents those areas where broadband service at the new 10/1 threshold is available.

Supplemental Data For:

351232

Line 510 – Service Quality Standards and Consumer Protection

Rules Compliance

RATES AND RATE STABILITY

New customers are provided rate information at the time they order service. The rate

information is prepared based on tariffs which are on file with the state public utility commission and

available for inspection at our office. In addition rates are available on the company website. Notices of

rate changes proposed by the Company are communicated to the customers through a bill notice or

other comparable means. The Company complies with all state and federal rules applicable to rate

changes.

PROVIDE SPECIFIC DISCLOSURES IN ADVERTISING

In advertising of prices for service plans the Company will disclose material charges and

conditions related to the advertised prices and services. This notice will provide the potential customer

with , including if applicable and to the extent the advertising medium reasonably allows: (1) whether

nonrecurring installation charges would apply; (2) the monthly fee associated with the service; (3)

whether any additional taxes, fees or surcharges apply; (3) the terms and conditions related to receiving

a product or service for "free;" and (4) whether prices or benefits apply only for a limited time or

promotional period and, if so, whether any different fees or charges will apply for the remainder of the

contract term.

TRUTH-IN-BILLING

The Company has long maintained compliance with the FCC's Truth-in-Billing rules as set forth in

47 CFR 64.2401. In part, this requires the Company's telephone bill must: (1) be accompanied by a brief,

clear, non-misleading plain language description of the service or services rendered; (2) identify the

service provider associated with each charge; (3) clearly and conspicuously identify any change in

REDACTED - FOR PUBLIC INSPECTION

Company Lynnville Telephone Company

Rules Compliance

service provider; (4) contain full and non-misleading descriptions of charges; (5) identify those charges

for which failure to pay will not result in disconnection of the customer's basic local service; and (6)

provide a toll free number for customers to call in order to lodge a complaint or obtain information.

Customers' bills will distinguish (1) monthly charges for service and features, and other charges

collected and retained by the carrier, from (2) taxes, fees and other charges collected by the carrier and

remitted to federal state or local governments. The Company will not label cost recovery fees or charges

as taxes.

PROVIDE READY ACCESS TO CUSTOMER SERVICE

Customers and potential customers may access customer service by visiting the Company's

office or by using a toll-free telephone number during normal business hours. Customer service contact

information is available at our business office with regular hours posted on the storefront. In addition,

this information is available online and on the monthly invoice rendered by the company.

ABIDE BY POLICIES FOR PROTECTION OF CUSTOMER PRIVACY

The Company complies with all state and federal rules regarding the privacy of customer

information. Certification of this compliance is provided annually to the FCC.

RESPONSE TO CONSUMER INQUIRIES AND COMPLAINTS RECEIVED FROM GOVERNMENT AGENCIES

The Company will respond in writing to state or federal administrative agencies within 30 days

of receiving written consumer complaints from any such agency. Should the agency require a shorter

interval for response, the Company will use its best efforts to expedite the review of the complaint to

provide a response which meets the agency-provided target date.

Rules Compliance

TERMINATION OF SERVICE

The Company follows the state public utility commission's rules for termination of service.

Service cannot be terminated without advance notice to the customer. If service is being terminated for

non-payment, the customer will have the option to establish a payment plan. So long as the customer

adheres to the payment plan, service will not be disconnected.

Customers may terminate service at any time and for any reason. The Company does not assess

any termination penalty and the customer is simply required to pay for the services which were used

while the service was provided.

Company Study Area Code Lynnville Telephone Company

351232

Supplemental Data For:

Line 610 – Description of Functionality in Emergency Situations

As an initial point, the Company had no service outages during 2015 which met the FCC's threshold for reporting into the Network Outage Reporting System ("NORS").

The Company engages in preventative maintenance programs which help ensure network reliability in all conditions. This includes regular checks on generators, battery back-up, HVAC infrastructure at central office switches, and tree trimming/removal when trees have the potential to take down telephone lines during events of high wind or heavy snow. Access to critical infrastructure (like central office switches) is limited to essential personnel. Spare equipment is maintained in inventory.

Like most local exchange carriers, the Company's network consists of electronic switching equipment and a network of fiber optics and copper facilities. From a switching standpoint, the Company has one primary switch and smaller switches which are fed by the primary switch. These smaller switches are often referred to as intraexchange remote switches or concentrators. The largest threat to switches is the loss of power. To address this, the Company ensures adequate battery back-up is maintained. For emergency situations which extend beyond the useful life of the battery back-up, the Company uses generators to power the switches. These generators are portable which ensures they can be relocated to any switching center based on the specific needs of each switch. In addition, the Company's office will serve as a Command and Control center. This center is included as a primary location to which continuous power is required.

In cases of emergency, the Company's management has contact information for all employees. Depending upon the scope of the emergency, the Company may call-in as many employees as necessary to provide continual telecommunications service. The Company has access to local and regional construction companies which can be called in to supplement the work force if necessary. When poles are down from emergencies, the Company works with other utilities attached to the same poles to expedite the repair or replacement of the infrastructure.

In summation, the Company takes preventative measures to plan for emergency situations and also takes steps to mitigate the risk or duration of such events.

Lynnville Telephone Company 305 7th Avenue Sully Iowa 50251

June 9, 2016

I, Gary Neill, hereby certify that Lynnville Telephone Company pricing of voice services is no more than two standard deviations above the applicable national average urban rate for voice service as specified in the most recent public notice issued by the Wireline Commission bureau.

Respectfully

Gary Neill

SERVICE CHARGES

B. LIFELINE ASSISTANCE

1. The Federal Lifeline Assistance Program is a plan which assists qualified low-income applicants with reductions in their monthly local exchange service rate. The assistance applies for a single telephone line at the applicant's principal place of residence. Qualified applicants shall have their monthly local exchange service rate reduced by the federal support amount defined in 47 CFR 54.403.

2. Eligibility Requirements

To be eligible for assistance, an applicant must provide documentation showing the applicant (1) meets income-based criterion currently defined as at or below 135 percent of the Federal Poverty Guidelines, OR (2) participates in at least one of the following programs as defined by 47 CFR 54.409:

- a. Medicaid (e.g. Title XIX/Medical, state supplemental assistance)
- b. Supplemental Nutrition Assistance Program (SNAP)
- c. Supplemental Security Income (SSI)
- d. Federal public housing assistance
- e. Low-Income Home Energy Assistance Program (LHEAP)
- f. Temporary Assistance for Needy Families Program (TANF)
- g. National School Lunch Program

The Lifeline customer is responsible for notifying the Company if the customer ceases to participate in any of the public assistance programs listed above.

A Lifeline customer may only receive assistance from one wireline or one wireless telephone provider per household.

3. Application for Assistance

An applicant shall request telephone assistance through completion of a certification form provided by the Company as governed by 47 CFR 54.410.

4. Rates

- a. The Lifeline customer will receive a monthly credit toward their local exchange service rate. The total monthly credit identified in 47 CFR 54.403 shall be used to reduce the Lifeline customer's rate.
- b. Toll blocking shall be included with this service offering without charge. No service deposit would be required if applicant voluntarily elects toll blocking with the initiation of Lifeline Service.
